

Along with formulating its long-term vision for 2050 and interim vision for 2030, IDEC has reviewed its policy toward materiality. A fourth item, “business foundation,” has been added, and the company is working to devise climate change measures and further enhance its human capital and governance.

Vision for 2030

Related SDGs

	Vision for 2030	Related SDGs
<p>1</p> <p>Productivity improvement</p> <p>Improve productivity using control technology</p> 	<ul style="list-style-type: none"> Contribute to improving the productivity and efficiency of our customers and society around the world by providing the IDEC Group's long-cultivated control technology, products, and system solutions that have been developed ever since its foundation. 	 
<p>2</p> <p>Safety, ANSHIN, and well-being</p> <p>Pursuit and realization of safety, ANSHIN, and well-being</p> 	<ul style="list-style-type: none"> Realize the optimum environment for both humans and machines to resolve various societal challenges and make it possible to achieve healthy, happy, and vigorous lives. Improve safety, productivity, and well-being through technology development, human resource development, management, and rulemaking.
